

Arisa Trombley

Average Score from teammates (out of 100):

- Provide each individual score and who assigned the score.
- **Example: 80 (Prate)**
- Zoe: 100
- Thomas : 97
- Drew: 100

Feedback from teammates

- 1) (25%) *Are the testing instructions complete?*
 - a) Zoe: Yes, very thorough and comprehensive.
 - b) Thomas: yes, clear testing instructions
 - c) Drew: Yes - 25

-
- 2) (25%) *Is the feature able to be tested per instructions?*
 - a) Zoe: Yes.
 - b) Thomas: Almost (-3 for missing videos), testable. Just missing the dancing videos
 - c) Drew: Yes 25

-
- 3) (25%) *Is the feature complete? Does it behave as expected/intended?*
 - a) Zoe: Yes
 - b) Thomas: Yes, aside from dancing video everything else is included.
 - c) Drew: Yes 25 - I like the updated gameplay since the last time I played it

-
- 4) (25%) *Did this sprint develop ⅓ of the product's total required features?*
 - a) Zoe: I think so, yeah.
 - b) Thomas: Yes, looks to be almost all put together
 - c) Drew: Yes I think so, the game feels pretty complete 25

Personal Reflection

How do you think you did? Do you think the score you received is accurate? Why or why not?

Yeah I think I deserved it just because my game was timed out perfectly for the semester and it became what I wanted it to be minus the video of me dancing for this sprint. I do have it all recorded though so the final outcome is an hour away.
